

THE MATHS TALKS

Spring 2019

Thursday March 12

Paul Revere's Ride and Meta Data

Paul Revere is famous for his midnight ride. But mathematics and Network Theory can be used to show his importance to the revolutionary war. Join us for a demonstration in mathematics, Network Theory, refreshments and R.

Professor Frank Sanacory
SUNY College at Old Westbury

Common Hour – NAB - 2123 Refreshments served

Event sponsored by Student Affairs.
